INFOPACK FOR VOLUNTEERS

Name of the project:

PRESS: Periphery and Rural areas: European solidarity and Social inclusion

PRESS, coordinated by Younet, aims to promote mobility transnational volunteering as a non-traditional form emancipation and learning, aimed in particular at young people with fewer opportunities, in order to obtain a better knowledge on the active role that they can play in their communities of origin as well as in society, for a transition to adulthood and the responsibilities that this entails.

The project will involve 20 volunteers from all over Europe, who will volunteer in different venues and will carry out very different activities

Host organisation: **YouNet**, in Bologna (Italy)

In 2010, YouNet is born and begins its activity in the world of non-profit organisations and, moreover, in the whole macro-system of pro-social projects. YouNet collaborates with individuals, groups, other organisations, local institutions, foundations and other public or private bodies that have as a goal to create a more equal, fair and united society. Particularly, YouNet supports, develops and promotes projects at local, regional, national and international level. Among its activities there are volunteering projects, intercultural exchanges, sport and cultural activities, workshops, trainings, leisure activities, seminars, etc.

Context & Environment

Volunteers will be actively embedded in the **multiethnic and stimulating environment of Bologna**, so they can act as protagonists thus making the most of the unique opportunity of the ESC. This close contact with the local community and their active participation in volunteering, informative and formative activities, will widely enhance the growing possibility for the volunteers. The volunteer will be involved in an European environment with other young people and will have the chance to learn about European institutions and programmes, especially regarding youth policies and opportunities.

Activities in the projects: european teachers workshops, trainings and seminars among others. The volunteers will be involved in supporting the implementation of learning mobilities.

Volunteer profile

We would like to host volunteers with already some knowledge and experience in **communication and ICT**, as we would like to improve this and receive new inputs. Any practical knowledge about websites, e-learning, videos, photography, blogging, social networks... is more than welcome! Also, any education competences will be appreciated too.

We are looking for young people **motivated and enthusiastic** about media and communication. This means also to be able to transfer your passion and knowledge to other people, as we often carry out courses for young people and adults about soft skills and you can contribute both in the preparation and implementation. All together, volunteers will develop some common projects, p.e. the video about the activities, radio interviews, public language tandems, events... All volunteers should contribute to the visibility of the project and of the ESC programme.

What can you learn

The volunteer will improve his/her **teamwork abilities** by managing time, logistics and organisation of activities together with the other actors involved. Being able to take part in this kind of experience is formative and educational from a personal point of view too. It increases the volunteers' **awareness of their capacities** and **boosts their self-esteem**. These aspects will be highlighted and exploited by the mentor.

The flat is shared with other 3 international volunteers and is composed by 2 double bedrooms, 1 toilet, small kitchen and dining room. There is wi-fi and washing machine, and blankets are provided.
