About Somos Europa

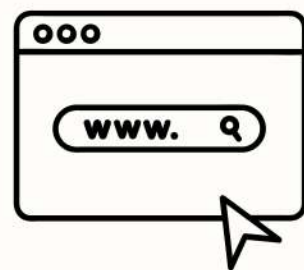

Somos Europa was founded in Padul in 2015 with the aim of promoting opportunities for youth people from the countryside, fostering Europeanism, and improving language learning.

Since its inception SomosEuropa has been characterized by the eagerness to work directly with young people, indeed more than 1.000 youth people have directly benefited from its programs through Erasmus+, European Solidarity Corps, National Funds, local activities, and much more.

Currently, our main offices are in Granada City but we do activities in several cities of the metropolitan area of Granada and of course in Padul
