Lelenfant Project

Fundacja Przyjaźń Sztuka Edukacja (Friendship Art Education Foundation) was established based on their many years of experience in the areas of education, multiculturalism, culture, art and cooperation with non-governmental organizations and educational and cultural institutions around the world.

The Flying HUB project is a new, mobile youth club. They have four different activities they will hold after the school hours to children over 13 years old: film, culinary arts, philosophy and critical thinking, and batucada and movement.

FAE organizes Lelenfant project which is an intercultural artistic and educational initiative focused on children and youth. It promotes the philosophy of „children teaching children” to encourage creativity, empathy, and cultural exchange. Through workshops and performances in areas like theater, dance, and music, the project offers young people the opportunity to build friendships and collaborate with peers from diverse cultural backgrounds.

FAE Foundation is excited to welcome 2 passionate volunteers to join their team! They are seeking energetic people interested in working with youth and in cultural events.

Volunteer will have tasks related, but not limited to:

- supporting the activities in the youth club.
- organizing workshops in the areas of film, culinary arts, philosophy and critical thinking, and batucada and movement.
- supporting the edition of Lelenfant 2025 intercultural festival
- presenting the European Solidarity Corps program

The volunteer will work 6 hours/5 days per week, plus 5 extra hours weekly for tasks like community outreach, team meetings, and activity planning. They'll also have the chance to develop independent projects for the local community, contribute to the children's educational program, and support project production in Poland and abroad.

The volunteer's tasks will vary from day to day depending on the project's needs and participant's interests so there really is no typical day!

The youth club will take place in after school hours. Also some evenings or weekends, there may be additional meetings, workshops or promotional events in which the volunteer will participate. In addition, during Lelenfant there are many activities taking place: the volunteer may have more volunteering work hours due to the demand of the project. In these cases, extra hours will be compensated. During the project, the volunteer may also choose what to focus the energy on in consultation with project staff.

Once a week (more often in the weeks leading up to the Lelenfant project itself), the project staff and the volunteer will have an operational meeting to discuss progress on various tasks. The volunteer will also have a weekly check-in with their tutor to check in on how work is going, clear up any questions, and set goals for the next week.

The volunteer may take a lunch break when it works best with their work progress (it's a good idea to check in with any project staff with whom you are working on a task just to let them know that you are taking lunch). The volunteer can choose to bring their own lunch or buy lunch at one of the restaurants nearby.
