

# WELCOME TO A.C.T.O.R.

# Our Story

A.C.T.O.R. exists since 2002. The Organisation promotes European Solidarity initiatives through voluntary work. With the SolidA.I.R project we work mainly in the clinical animation field and deliver non-formal session and workshops to kids in Bucharest and surrounding.

As a cultural association we are using a large spectrum of tools and have developed different skills during the past years. We create materials to promote our project like origami, shadow theatre, forum theatre, clinical animation, pedagogical animation, etc.

At the same time, we are conscious that many children and youngest are not able to have access artistic or cultural activities of any sort, that's why we start doing workshops in disadvantaged community outside the capital.

## What We Do

# Our Mission

The aim of the project is to foster inclusion and solidarity values, to introduce the sense of community through non-formal education and to support art in the local and rural context.

We operate with two target groups: one, with ill children in hospitals and Special centres; and two, with kids and youngest from 3 to 18+ years with few opportunity and little knowledge about the "outside world" their village.

## Performance and Games

Every week we go to hospitals and social centres to perform for the kids. We build games and play with them.

## Improve the enviroment

Develop a vibrant environment, create sensory paths, painting, this is part of our work.

# Where We Work

Hospitals

## Workshops in the Countryside

The perfect opportunity to visit rural areas of Romania and give to the children non-formal workshops! We propose a big range of sessions between photography, dancing, painting, music, building, etc...

# Where We Work

Schools

## Workshops in Buchares

We work with kindergarten and schools across the town. We develop alternative lessons for children between 3 and 18 y.o. At the moment we are working online at the moment but look forward to start facing each other.

# What to do in Bucharest

Bucharest is a wonderful capital of multiculturalism. It is the largest city in Romania and the largest commercial center in the whole nation. The town is full of history, architecture and stunning landscapes as well! In the past, because of its elegant architecture developed in the period between the two World Wars, it used to be called "**The Little Paris**".

Romanian is the main language, but you'll easily find people who speak **English**. There are also big community of Italians, Spanish and French and you can easily find them on facebook groups and meet-ups around the town.

The **Old City** is known for its large number of terraces, pubs and restaurants. Bucharest is a Green City, the biggest park is **Parcul Herestrau** (the official name changed recently in Parcul Mihai I, after the last king of Romania), but there is also **Parcul Tineretului**, Parcul Cismigiu and much more!

Thank You.

Welcome to  
your new family.
