Work Package 2

Work Package 2: Commemoration and Cultural Preservation, Poland					
Duration:	M6 – M9	Lead Beneficiary:	Spark		
Objectives					
<ul style="list-style-type: none"> ▪ Raise awareness and commemorate the stories of women and children's resilience in World War II ▪ Foster intergenerational dialogue, bringing younger generations closer to EU history, thus fostering their sense of belonging to EU ▪ Preserve and document WWII-related artifacts in Wroclaw, Poland with the 3D scanning technology ▪ Facilitate historical research and education by commemorating WWII and digitally documenting historical artifacts, such as personal belongings of civilians from WWII ▪ Preserve and ensure accessibility of the artifacts connected to the topic of women and children's resilience thanks to creation of the 3D models and digital gallery 					
Activities and division of work (WP description)					
Task No (continuous numbering linked to WP)	Task Name	Description	Participants		In-kind Contributions and Subcontracting (Yes/No and
			Name	Role (COO, BEN, AE, AP,	

				OTHER)	which)	
T2.1	Commemoration day of Siege of Festung Breslau in 1945 in Wroclaw, Poland	Spark will take care of preparation and organisation of the public event for commemoration of Siege of Festung Breslau during the WWII in Wroclaw, Poland. This phase includes: preparation of the detailed agenda, selection and preparation of the venue (with the consideration of its accessibility for all participants), design of the promotional materials for online and offline communication about the event (e.g. posters, flyers, graphics for social media platforms). Invitations through online and offline communication will be sent to local schools, researchers, professors, young individuals, local institutions, libraries, organisations and policy makers. The event aims to engage the entire community, and everyone will be encouraged to participate.		Spark	BEN	No
T2.2	3D scanning of objects connected to WWII in Wroclaw, Poland	The objective of this activity is to conduct 3D scanning of objects that are directly connected to WWII period, stories of women and children in the city of Wroclaw, Poland. The task will be managed by Spark and it will be done in 2 steps: 1. Identification of Objects: the first step is identification of at least 3 objects connected to the topic of the project and history of WWII 2. 3D Scanning – expert from Spark will take care of the 3D scanning of the identified objects to capture the physical characteristics, textures, and dimensions of the objects ensuring a detailed representation. 3D scanning process will be done after the local commemoration event in Wroclaw.		Spark	BEN	No
T2.3	Production of the 3D models of the scanned objects	Scanned data will be post-processed by Spark to create metrologically precise and high resolution digital copies of the scanned artifacts in the form of 3D models. Organisation will take care as well of preparation of associated relevant metadata with each scanned object, including information such as historical context and significance. All partners will translate prepared descriptions in their language. It will be available therefore in English, Italian, Romanian, Polish and Latvian.		YouNet APS Spark UniTBv WOH	COO BEN BEN BEN	No
Milestones and deliverables (outputs/outcomes)						
Milestone No (continuous numbering not linked to WP)	Milestone Name	Work Package No	Lead Beneficiary	Description	Due Date (month number)	Means of Verification
MS1	Completion of the 3D scanning process for the selected objects	2	Spark	The identified objects in Wroclaw are scanned and data is collected by Spark experts	M6	Data collected by experts of Spark

MS2	Finalization of the 3D models	2	Spark	The 3D models are finalized and exported in a form of animation. Descriptions and historical data are completed		M9	Publication of the 3D models including descriptions on the project's website
Deliverable No (continuous numbering linked to WP)	Deliverable Name	Work Package No	Lead Beneficiary	Type	Dissemination Level	Due Date (month number)	Description (including format and language)
D2.1	Event Description Sheet: Commemoration day of Siege of Festung Breslau in 1945 in Wroclaw, Poland	2	Spark	R – Document	PU — Public	M6	Event Description Sheet report on implementation of the activities in WP2: 1-day event in Wroclaw, Poland.
